Beam Appoints Spacenet Mexico as Strategic Reseller for its Iridium Products

World Reach Limited announced today that its wholly owned subsidiary, Beam Communications Pty Ltd, has entered into a distribution agreement with Spacenet Communications Services de Mexico SA de CV ("Spacenet") as a strategic reseller for Beam products in this new market for Iridium products.

Spacenet has a sound reputation providing integrated communication solutions to the Mexican market, including a range of voice and data services and applications, developed to meet customized communications needs

Spacenet will serve established and emerging markets in Mexico such as maritime, leisure and commercial fishing, aviation, oil and gas, utilities, agriculture, emergency communications, mining, transportation, government/military and heavy construction.

Beam's product range enables Spacenet to gain access to the widest range of Iridium products available, thus providing a suite of products and services to immediately support voice, data, telemetry and tracking opportunities.

Yours faithfully

A handwritten signature in black ink, appearing to read "Michael Capocchi".
